

**GLI.TC/H** is an international gathering of noise & new media practitioners in Chicago from September 29 thru October 03, 2010!

**GLI.TC/H** is a physical and virtual assembly of artists, hackers, moshers, dirty mediators, noise makers, circuit benders, p/h/i/l/o/s/o/p/h/e/r/s, and those who find wonder in that which others call broken.

**GLI.TC/H** seeks: **realtime + time-based performances** (audio/video) utilizing broken/bent technologies/strategies

**workshops**, sharing knowledge of hardware/software hacking, cracking, breaking, kludging, piracy, & tool building

**artworks & projects**, artware, videos, games, films, tapes, code, interventions, screen-captures, systems, websites & installations

**texts**, lectures, essays, code, articles, & hypermedia
